BURIAL OF LIEUT. SHIPP.

How a Comrade Found Him and Marked His Cuban Grave.

The Lincoln Journal, which makes its appearance tomorrow will contain the following account of the finding of the body of Lieutenant William E. Shipp, and of its burial by comrades:

For weary days with aching hearts Lieutenant W.E.Shipp's heart-broken wife and sisters waited for some particulars of his death in the battle of Santiago. At last on Tuesday, Mrs. Shipp received a letter from Lieutenant M. H. Barnum, adjutant of the Tenth Regiment, who found and buried the body of his brave brother officer. The letter was written on board the transport Cherokee, which was bringing the wounded home, and was dated July 8th. It was mailed at Key West. Lieut. Barnum was badly wounded in the hip but his sufferings did not prevent his writing news he knew was so anxiously awaited.

He wrote that in passing over the battlefield about noon Friday, July 1, he found Lieut. Shipp lying dead "well in front." He had been "shot through the body, probably through the heart and must have died almost instantly." About fifty yards away, lay the dead body of Lieutenant Smith, Lieutenant Shipp's dearest friend.

That night about 10 o'clock, Lieutenant Barnum went with a detail of men to bury his friends. His intention was to lay them side by side in the same grave, but he could not find Lieut. Smith's body, it having evidently been found and buried by some other friend.

Lieut. Barnum and his party, in the still watches of the tropical night, upon the Cuban battlefield hallowed by the blood of American heroes, dug a grave and in it placed the body of his friend, and then "knowing," he writes, "that he was a member of the church, and being a member myself, I said the Lord's prayer over the grave after we had laid him in it."

One can imagine the pathetic scene—The Cuban thicket wrapped in darkness: the colored troopers, with the grime and smoke of battle still upon them; with bowed heads grouped around the grave of the beloved officer who had led them in many a hot fight with Indians; the battle-wearied officer at the root, his eyes upturned to the star-studdied heavens: the marble face of the dead hero as he lay in his grave the grief-shaken voice of the officer as he said, "Thy will be done," in a language and a petition new to that locality, make up a picture which will live always with those who saw it.

Lieutenant Barnum says that at the head of the grave he placed a board with the inscription:

"Lieut. W. E. Shipp, Tenth Cavalry, U. S. A. Killed July 1st, 1898," and otherwise carefully marked the spot so that it can be readily identified and located.

Lieut. Barnum writes that he had not seen Lieut. Shipp that day until he found him dead, but from others he learned that he had been doing splendid work in guiding the troops through the dense growth, a service for which his years of experience in the Indian wars peculiarly fitted him, and that it is thought he met death while carrying orders from one part of the battle field to another.

Lieut. Shipp was the quartermaster of the brigade, a position which he did not want because it was a non-combatant position, and his presence in the front is accounted for by the theory that he had voluuteered for the dangerous duty in the discharge of which he met the death of a soldier and a hero.—Morning Post.

THE TERMS OF SURRENDER

Offical Despatch Received from General Shafter.

PRESIDENT'S CONGRATULATIONS

The Surrender is Definitely Settled and Much Relief is Felt from the President Down.

By Wire to THE TELEGRAM.

Washington, July 16—The war department received the following message from Gen. Shafter this morning at 9:30 o'clock:

"Spanish surrendered; particulars later.

[Signed] "Shafter."

SUMMARY OF THE TERMS.

Washington, July 16—A summary of terms of the surrender of General Toral and the province of Santiago de Cuba as finally agreed upon is as follows:

Twenty thousand refugees to go back to Santiago; the American infantry are to patrol the roads around and about the city; our hospital corps are to give attention to the sick and wounded Spanish; all the Spanish troops in the province of Santiago de Cuba, except ten thousand at Holguin under General Luque are to come to the city and surrender; the guns for the defense of the city are to be turned over in good condition; Americans are to have full use of the Juragua railroad; all Spanish are to be conveyed to Spain with all portable church property; the Spanish troops are to surrender their arms; the Spaniards are to co-operate with the Americans in removing the mines from the harbor; the officers are allowed to retain their side arms.

AWAITS APPROVAL OF MADRID.

Siboney, July 15, via Playa del Este—The agreement to surrender all of the Island of Cuba east of the line drawn from Accaderos to Saqua-de-Tanamo was signed at four o'clock this afternoon and approved by Gen. Miles and Gen. Blanco. Gen. Toral now awaits the approval of the government at Madrid.

CAUSE OF DELAY.

Washington, July 16—The final announcement of the surrender of Santiago was received here with the utmost relief by the officials. The unusual delay was partially accounted for by the difficulty had by Toral in surrendering that part of the command not in the city of Santiago.

It is believed the delay in the negotiations caused us to secure the surrender of the outlying garrisons, some of which questioned Toral's right to surrender them without instructions from Madrid. But the surrender is now definitely settled on our terms and much relief is felt from the president down.

MESSAGE OF CONGRATULATIONS.

Washington, July 16—On receipt of General Shafter's official notice of the surrender of Santiago the president sent a messag. of thanks to the army and congratulated all on the great and wonderful triumph over Spanish arms, and also the grim foe, the tropical heat and other obstacles.

Secretary Alger also sent his congratulations in the message.

IMMUNES FOR SANTIAGO.

St. Louis, July 16—Five companies of immunes have arrived here and will proceed at once to Santiago.

FOURTH EXPEDITION SAILS.

DUN'S TRADE REVIEW.

Business in Many Lines Brisk in the Dull Season.

New York, July 16—Dun's Weekly Review of Trade today says:

The destruction of the Spanish fleet, Europe's quick appreciation of the feat, wearying of flags of truce at Santiago, and at last surrender, have all influenced some markets day by day. But Americans see that not many outside matters greatly influence business which enables them to market $1,210,274,015 worth of domestic products abroad in the year, against $616,052,844 worth imported.

The new loan has proved a stupendous success over $1,300,000,000 having been subscribed, and it is now the question of chief interest whether any banks will get enough, after personal subscriptions have been accepted, to support further circulation. Industries and business are naturally at the lowest point for the year, and therefore records are the more impressive.

Just when stagnation is customary very many iron and steel mills are crowded with orders for months. The demand for woolen goods is better, though prices for some have been reduced. Cotton has been steady, in spite of good crop prospects, owing to larger foreign buying. Mills in this country are doing their share, and the demand for goods is gradually growing better.

Wheat has been dropping in price under estimates of 680,000,000 to 700,000,000 bushels this year. Corn exports are decreasing. The price is nearly 1 cent stronger.

The volume of business still exceeds that of any previous year, for the week 17.1 per cent. greater than last year.

Failures have been 215, against 263 last year.

"NEARER MY GOD TO THEE."

The Soldiers Were Singing When the News Arrived.

WATSON IS AWAITING ORDERS.

Blank Spaces in Madrid Newspapers. Active Preparations for Coast Defense—Laying Mines.

By Cable THE TELEGRAM.

Off Santiago, July 16—The messages from the army to Admiral Sampson yesterday were regarded as official and no doubt existed in the minds of the officials who felt that Toral had surrendered. And no further message was received until this morning several vessels were allowed to go to Guantanoma for supplies.

As soon as the official and final agreement was signalled to the fleet, the vessels was recalled on duty the same as usual. Every ship in the fleet has volunteered to be the first to enter the narrow harbor. The commanders on all the smaller vessels pleaded diligently to be allowed to be the first to pass old Morro.

Admiral Sampson was compelled to decline all offers. He does not think it necessary for any warship to go nearer the city at present. The Red Cross steamship State of Texas, with Clara Barton aboard, will probably be the first to pass into the harbor after the surrender.

"NEARER MY GOD TO THEE."

Siboney, July 15, via Playa del Este 16—The agreement to surrender Santiago was signed at four o'clock this afternoon. The news of the first agreement to surrender yesterday was received with great joy by the troops. The news first came an hour after General Shafter met General Toral.

An orderly who was with them waved his hat in the direction of the ninth infantry, which was the signal agreed upon. The ninth infantry was holding religious services and were at that moment singing: "Nearer My God to Thee." The men stopped singing instantly and broke into lusty cheers. General Wheeler rode up saying there would be no more fighting and was greeted with an ovation. The cheers were renewed and passed along the line from one regiment to another.

This morning, however, there was a reaction, when it was learned that it was but a piece of Spanish treachery to gain time.

This, and similar reports spread rapidly and there were many murmurs and threats heard among the troops until an agreement was finally reached and signed.

BLANCO'S APPROVAL.

Gen. Blanco signified his approval but added that the approval of the government at Madrid would be necessary, and wanted the matter postponed until an answer could be heard from Spain. The Americans refused to concede this but agreed that the signatures should be conditional. The approval of the Spanish government is expected today.

PRECAUTION AGAINST TREACHERY.

By the terms of the surrender twenty-five thousand Spaniards lay down arms and submit to be taken home; an event unheard of in the history of the world. While the staff are satisfied that the surrender is genuine General Shafter is taking no chances. He has directed Garcia to keep a sharp lookout for any Spanish reinforcements, and is taking every precaution against treachery.

READY FOR SPAIN.

Siboney, July 16—The officers of Shafter's staff say they know nothing about the time the troops will start for the Porto Rican expedition. They will probably not start for several weeks yet.

It is stated that troops will not be allowed to enter Santiago for at least a week.

Commodore Watson's fleet is all ready to sail for Spain and is awaiting orders which are momentarily expected.

SPAIN LAYING TORPEDOES.

Madrid, July 16—Newspapers today are conspicuous on account of the blank spaces in their columns, denoting suppressions by the government censors. Three regiments have been ordered to Algeciras. Active preparations for coast defence are being made and long lines of torpedoes have been laid in Barcelona channel and other harbors.

"Remember the Maine,"

CORREA'S IDEA OF PEACE.

Thinks It Can Be Brought About by Leaving Cubans to Choose.

Madrid, July 15—The minister of war, General Correa, is quoted as saying in an interview that he thought peace might be arranged on the following terms:

The United States and Spain to agree to let the Cubans decide by a plebiscite whether they desire independence or autonomy under the suzerainty of Spain.

The two governments to agree to abide by the result of the plebiscite.

In the event of the Cubans voting for independence, the United States to allow Spain nine months in which to withdraw her army, gradually and dignifiedly from Cuba, "as soldiers should after having fought like heroes."

Continuing, the minister for war said:

"We ought to retain Porto Rico at all costs, in order to be always near Cuba, of which the Americans will be able to despoil us in course of time, and in order to more easily communicate with the South American Republics, which daily displays the greatest enthusiasm for Spain.

"As to the Philippine Islands it is certain we will retain them even though the Americans succeed in occupying Manila, of which place their occupation will be most brief. An official dispatch announces that the rebel chiefs and the Americans will not always agree, which is to Spain's advantage.

"The government has formed a scheme which will not only assure Spain the possession of the Philippine Islands, but which will re-establish tranquility."

WHERE WE RANK.

An English statistician has compiled the following which is an interesting bit of information. Many people at this time are much interested in the power of the different navies of the world. Lists of the different navies were published at the outset of the present war, but many of them have been lost. In view of the prominence into which Uncle Sam's navy has sprung and the unparalled victories she has won, as a contemporary remarks, it is all the more wonderful when it is known that according to the number and tonage of vessels we rank sixth in the list of nations:

"Great Britain has in commission at the present time fifty-two battleships, eighteen armored cruisers, ninety-six protected cruisers, sixteen unprotected cruisers, eighteen coast defense vessels and one hundred and eighty-three torpedo vessels. In process of construction she has eighteen battleships, eight armored cruisers, twenty-four protected cruisers and forty-six torpedo vessels.

"France has in commission twenty-seven battleships, nine armored cruisers, thirty protected cruisers, fifteen coast defense vessels and two hundred and twenty-four torpedo vessels. In process of construction she has eight battleships, ten armored cruisers, ten protected cruisers and forty-eight torpedo vessels.

"Russia has in commission twelve battleships, ten armored cruisers, three protected cruisers, 3 unprotected cruisers, 20 coast defense vessels and one hundred and ninety-two torpedo vessels. In process of construction she has six battleships, one armored cruiser, three protected cruisers, one coast defense vessel and twenty-eight torpedo vessels.

"Germany has in commission seventeen battleships, three armored cruisers, seven protected cruisers, twenty-one unprotected cruisers, twelve coast defense vessels and one hundred and fifteen torpedo vessels. In process of construction she has five battleships, two armored cruisers, eight protected cruisers and ten torpedo vessels.

"Italy has in commission fifteen battleships, three armored cruisers, fifteen protected cruisers, one unprotected and one hundred and fifty-nine torpedo vessels. In process of construction she has two battleships, two armored cruisers, three protected cruisers and three torpedo vessels.

"The United States has in commission five battleships, two armored cruisers, fourteen protected cruisers, eighteen unprotected cruisers, twenty-one coast defense vessels and eight torpedo vessels. In process of construction she has eight battleships, eight armored cruisers, one protected cruiser and fifty-two torpedo vessels. Within the next few years the navy of the United States will be little behind that of Great Britain, although at the present time it ranks next to that of Italy in mechanical strength. Time is destined to bring about great changes in the American navy.

It goes without saying that Mr. Kitchin, the brilliant young representative in congress from this district, will be renominated for that position by the democratic convention to be held in this city next Thursday. Mr. Kitchin is bright, able and vigorous. He has made a clean record in congress. It seems so well settled in the minds of the people that he will be nominated that we have not even heard of any other candidate who will come before the convention.

Premier Sagasta says "the Spanish army is anxious to resist to the last, but the government cannot consent to this useless sacrifice of life." The dispatch from Madrid yesterday quoting the Premier as above closes with this pathetic wail: "Had we our fleet, the situation would be different." That's so, evidently. A few weeks ago Spain had her fleet. The situation was different then from what it is now; but the situation is also dfiferent now from what it was then. Just why the Premier longs for the fleet back when it is certain the same doom awaits it is beyond our comprehension.

We would be assuming entirely too much modesty were we to fail to make our acknowledgements to the Winston Journal, the Twin City Sentinel and the Danville Farrago. Those papers have made kind and complimentary notice of the new editor of this paper, all of which he duly appreciates.

A FIGHT YET POSSIBLE.

The Surrender at Santiago Is Not Yet Settled.

Washington, July 15—After an extended conference with the president toningt, at which three other members of the cabinet were present, Secretary Alger said: "The situation is just this: The Spaniards at Santiago are prepared to surrender, but they want to carry their arms. We have determined to grant no such concessions nor any concession except the generosity of this government to transport them to Spain."

Secretary Alger was asked if it was not the expectation that when it was known that no other terms would be granted, the surrender would take place, and replied that such was the case. In any event no other concession would be afforded by this government.

It was nearly 1 o'clock when the conference at the white house adjourned. Beside Secretary Alger there were present Secretaries Bliss and Wilson, and Postmaster General Emory Smith. Adjutant General Corbin was present during the last hour of the conference. General Shafter will be immediately instructed to carry out the determination of the president, with whom the matter has been thoroughly discussed. Secretary Alger did not say how much time would be allowed the enemy to reach a conclusion, but it is known that the administration will make it very short and submit to no further parley with General Toral. The next move is surrender upon the terms which the United States government proposes, or immediate attack upon the Spanish forces by the army and navy.

At 1:15 o'clock this morning, when Adjutant General Corbin left the war department for his home, he was yet without difinite information from Gen. Shafter concerning the surrender of Santiago.

In accordance with the decision reached at the conference with the president, he sent instructions to Gen. Shafter that nothing but unconditional surrender by Gen. Toral would be satisfactory to this government. In view of Shafter's last dispatch no fear is felt that the negotiations for the surrender of the forces in Santiago city will not be prosecuted to a successful conclusion. Gen. Toral, it is known, at first insisted that his men should be permitted to carry their arms with them to Spain. This concession Gen. Shafter declined to grant. Toral has modified his demand regarding the arms and has presented a petition that the arms taken from his men be returned to Spain with the troops. As indicated in Secretary Algier's statement above given, the petition has been denied by this government.

The unusual delay, which has puzzled the war officials, is accounted for by the difficulty which Gen. Toral is having in surrendering that part of the force under his command which is not in the city of Santiago. General Shafter estimates that there are from 12,000 to 15,000 in Santiago and nearly as many more in the province outside of the city. It is believed the delay in the negotiations is made necessary in order to secure the surrender of the outlying garrisons, some of which may question Toral's authority to surrender them without definite instructions to that effect from Madrid.

THE GERMAN ATTITUDE.

Admiral Dewey's Specific Recommendation of the Chinese.

Washington, July 15—The attitude assumed by the German naval commanders in the Philippines is without doubt a source of annoyance and apprehension to our government. Still our government is satisfied that its interests are safe in the hands of Admiral Dewey, and is adhering to its original intention of allowing him a free hand to deal with the situation. Until he himself asks for action on the part of the government it is not the purpose to make any representations on the subject of the Philippines to the German government.

Admiral Dewey's recent mail communication to the navy department has given the most generous recognition to all those who participated in any way on board the American ships during the battle of Manilla, including a specific recommendation as to the Chinese who are serving in various minor capacities. The recommendation, effecting a matter of citizenship, was turned over by the navy department to the state department, where the following statement was made today:

"In further proof of the nobility of character of Admiral Dewey is recommendation to the United States government of the Chinese servants and other Chinese who were on the ships of his squadron during the battle at Manila, and who rendered most efficient service on that occasion. He is decidedly in favor of recognizing these brave and useful Chinese in such a way as shall admit them to the United States in case they desire to enter it and become citizens of it.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrated me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. E. Holton.

A Query From Papa.

He thought it safer to write to the girl's father for her hand. He was an ardent lover, but a poor speller, and his note ran: "I want your daughter—the flour of your family."

"The flour of my family is good," replied the old man; "are you sure it isn't my dough you're after?"

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

Blood Brains Money

A sick man can't make money That's because his brain wont work. A horse wont do work unless he is properly fed. Neither will a brain. If the brain is not kept in good condition with pure, rich blood, it wont produce much.

Men who fail, and men who don't, often have what they call "Nervous Prostration." Nine times in ten the nervous trouble is purely secondary. The real sickness is in their digestion and in their blood. If a man keeps his digestion in good order, and keeps his body full of pure, rich blood, he is never going to be very sick.

Johnston's Sarsaparilla is made for people who want to get well and stay well. Sarsaparilla is a simple, "grandmother" remedy, but it cures. It purifies and enriches the blood and sends it tingling to every part of the body. That is the way it cures all ailments of the brain and nerves—cures insomnia—cures dyspepsia, rheumatism, scrofula, and every other blood disease. It clears the complexion, plumps out the cheeks, and brings back the sparkle to lifeless eyes.

One Dollar is the price, and One thousand Dollars is the health-giving value of every Quart Bottle of **Johnston's Sarsaparilla**

Has Santiago Been Evacuated?

Toral Seems Desirous of Making New Terms of Surrender.

OUR MILES SAYS UNCONDITIONAL

Our Government says There Will be No Modification of the Terms As First Given.

Unless negotiations are speedily brought to a satisfactory close, every American gun in Shafter's command will be turned loose on the city. The result is apparent.

Santiago is a delightful city to winter in, and if you are prepared to pay your respects to a Free Cuba this fall, we have the Trunk you need to pack your finery in. It is the Automatic Tray, and for convenience, is in the lead.

We will appreciate your presence and will take a decided pleasure in showing you through our entire line, which we know is the most complete in the city. Matthews, Chisholm & Stroud.

HAS MADE LITTLE FUSS.

But the I. and I. A. Has Done a Deal of Solid Work for Greensboro.

The annual meeting of the Industrial and Immigration Association will be held next Tuesday evening in the hall of the Knights of Pythias. An interesting program has been prepared and a number of our most prominent citizens will make short talks touching upon different phases of Greensboro's developments and interests. Brockmann's orchestra has kindly agreed to furnish music, and a very pleasant evening will no doubt be spent by all who attend. Officers for the ensuing year are to be elected at this meeting.

While the association has made very little fuss about it, it has, nevertheless, done a great deal of solid work for Greensboro during the past year, as well as during the preceding years. Every man who is a citizen of Greensboro is indebted to it in a measure, and it has a claim upon the support of every man whose interests are indentified with those of this city in anyway whatever.

It is expected that every member of the association will be present at this meeting, and every other man who is interested in Greensboro progress is invited to attend.

ANOTHER RASCAL.

How he Got a Box of Chickens from a Farmer's Buggy.

Mr. Sam Alspaugh, who lives a few miles west of Winston, came to town in a buggy this morning with a box of chickens. He stopped on the old school house lot on Fourth street. His little grandson was with him and was left in charge of the buggy and fowls while Mr. Alspaugh went in search of a buyer.

A short while after a negro walked up and asked the boy if that was his grandfather's buggy. Receiving an affirmative answer, the negro stated he had bought the chickens and had come after them. Believing the negro was telling the truth, the boy allowed him to carry the fowls off.

Mr. Alspaugh was naturally greatly surprised when he returned and heard the grandson's story. The only description the boy could give of the negro was that he wore a broad brimmed hat.

The officers were notified of the theft and it is hoped they will be able to run up with the rascal.—Winston Sentinel.

COL. CARR'S EFFORTS.

To Have Revoked The Order Separating The Second Regiment.

Col. Julian S. Carr passed through this morning returning to Durham from Washington where he went Thursday to consult with Secretary Alger and Adjutant General Corbin, in regard to the orders issued the Second Regiment. Col. Carr tried to have the order to divide the regiment revoked. The Secretary and Adjutant General are considering the case and it is not yet known what steps will be taken in regard to the matter.

When Col. Carr heard of the order and learned of the dissatisfaction it had caused he went immediately to Washington to try to make arrangements to have the regiment kept intact. With what success, he himself, does not yet know, but successful or not he will have the lasting gratitude of the regiment and North Carolinians generally, for his interest in the matter.
